NO INDIVISION HERE

One of the striking features of the statement given to the press by the members of the British and French delegations is the clearness of their knowledge of the respective needs of the countries they represent.

England wants food first of all. Money and munitions, of course, are desired and necessary, too.

General Joffre is convinced that the usual effect of an American expeditionary force upon the French front will prove invaluable.

Both desire that such aid as America can give be tendered post haste—the sooner the better.

Maintain congress dates.

Opponents of the administration are placing every possible obstruction into the president's path and every effort is being made to prevent a clear-cut issue, such as Mr. Wilson has offered, remaining unclouded.

Latest reports at Washington are to the effect that the United States is preparing to enter into an entangling alliance with the Entente Allies. Strange to say, knowing the nature of the heart, the president, with proper foresight, denied this rumor before it had begun to circulate. Former British Premier Balfour has also denied it in warmest terms, assuring the people of the United States that the only sort of an "alliance" that is contemplated is one in which the great democracies of the world will join hands for the sake of humanity. When their purposes have been accomplished, there will be no longer need of an alliance, unless it be a world alliance to keep the peace.

Regardless of the fight that is being made again the arm general staff in Congress, the administration is sure of sufficient votes to carry the measure.

Meanwhile, Germany is not sinking American vessels, either because opportunity has not offered or because the Kaiser, after alleging that the United States alone is responsible for a state of war, by this very passivity hopes to strengthen the hands of the president's enemies in the house of congress in their efforts to discredit the idea that war is even now a grim reality.

It will be grimmer still if the Entente Allies are defeated.

A WEALTH OF TALENT

Amarillo's Fourth Annual Music Festival Under Way

All have been given an opportunity to judge of the excellence of the program by the performance of Wednesday afternoon and night.

The culmination will be the rendering of the great oratorio "Elijah" tonight. With depth of feeling this Biblical story will be unfolded by word and music.

We can conceive of no more charming form of a community than a music festival in which groups of unpracticed youth take part.

But not only are the visiting artists to be congratulated upon their renditions yesterday. No less are the local soloists and members of the chorus. To many present a slender wealth of talent found in Amarillo proved a revelation.

Six thousand machine guns have been ordered by the government in a hurry. Looks as if we'll live up to the bill for some of them a year or more ago knew what we were talking about.

An optimist is one who makes forecasts at night out of the lemons that have been handed to him during the day. Summer

Looks as if the Germans might just have better reason to sing "The Watch on the Rhine."

PANHANDLE HARDWARE DEALERS WILL MEET NEXT IN AMARILLO

OFFICERS FOR ENSUING YEAR ARE ELECTED AT FINAL MEETING AND PRESIDENT WILSON'S POLICY ENDORSED.

Amarillo was unanimously selected as the place for the 1918 convention of the Panhandle Hardware and Implement Dealers Association at the final session of the association Tuesday afternoon. A new board of officers was selected to step into the ship of state for the next twelve months. No officer title was made for selecting Amarillo at the session, as no other town made a bid in view of the general reception and entertainment afforded by Amarillo and the sincere request that it again be selected.

The following are the new officers for the year, all being new except E. P. Thompson, secretary-treasurer, who was re-elected:

President—C. S. Bingham, Texline.

Vice President—L. F. Kyle, Amarillo.

Secretary-Treasurer—E. P. Thompson, Memphis.

The new board of directors was as follows: J. L. Mable, Roswell; P. E. Johnson, Groom; T. C. Thompson, Canyon; A. B. Wright, Lubbock; C. Longfellow, Floydada; L. L. Green, Plainview.

8 largely Attended.

The third day session of the convention was largely attended and a number of especially interesting addresses and discussions were heard. Present Black Friday of hardware was one of the aids talk on present conditions confronting hardware dealers. H. L. Parkhill had this part of the program and told the status of oil in the facts and not theories of the situation confronting the dealers.

President Hayes thanked the body for the honor conferred upon him by selecting him as its president for the year past. He declared that the Panhandle dealers were the greatest and cleanest bunch on the earth, which fact was commented freely upon by jobbers and implement houses in the North. They were also said to be the most progressive on the face of the earth. Secretary Thomas spoke for a few minutes giving thanks to the body for returning him to the office of secretary of such an important and useful name of men. He was a man of few words, but wanted his listeners to make the best of his speech. He advised that every man in the audience that would pledge himself to business the membership of the association from 1916 to the most annual session stand to his feet. Several men instantly arose to his feet.

Reside Upon Amherst.

When Secretary Thomas took his seat and announced the adjournment of the session of the last meeting he was in order. Rev. Joseph C. Shadish suddenly appeared before the president and expressed his appreciation, as well as that of the Board of Directors, of the resolution passed by the convention, having been with those left of the neutral benefit which had been received, and asked that the body make Amarillo the place for the 1918 convention. These delegates were a crowd to the minister. Two other guests soon made short visits from Amarillo but it was obvious soon that they would be no opposition, as the benefactors was vigorous everywhere. A vote was taken in Amarillo and was unanimous in her favor. The convention was then adjourned, and the men took leave for their homes.

Senate Stands Off.

The following resolution was unanimously passed on resolutions authorizing the president to travel with three others that the interest of our people and security lie in our great capitals in the future, and making the utmost contribution in our great statement. President Woodrow Wilson has been to offer you the following resolution:

Resolved, That the Panhandle Hardware and Implement Dealers Association do hereby request our congressman from this district, Honorable George Jones, to support the resolution in the House of Representatives that that is to his great credit and that this resolution be adopted and a committee of three be appointed by the association to see to it that the most annual session stand to his feet. Several men instantly arose to his feet.

"THERE'S SOMETHING UNUSUAL ABOUT IT" SAYS JOE THERRELL

DELL JESSE HE HAS GAINED
THIRTY-FIVE POUNDS ON
TAXAC AND FEELS
ALMOST LIKE A
BOY AGAIN.

There is bound to be something unusual about Taxac to make a man age gain thirty or thirty-five pounds and feel almost like a boy again," said Joe E. Therrell, retired and retired live stock dealer of Del Rio, Texas.

"For seventy years old," he continued, "and I know people this far along in years generally have some natural infirmities and I really never expected to feel as good any more as I do now since taking Taxac. I was quite constipated, had indigestion and great pains in my legs for years. I tried most every remedy I saw advertised but kept getting worse until I just had to give up all hopes of being able to work any more."

"My mind even got sluggish and I couldn't think or remember like I used to. I had a general breakdown all over—some would say, I was all in—and I haven't known what was to be free from suffering for five years until I got relief by taking Taxac. Right away my tip and back joined me all the time. I could hardly sleep over and then I'd get up down and I couldn't get up. I had to force down what I ate and then I would swell up, not my eyes, but all over, and feel like I was going round and round. I fell off in weight until I was almost skin and bones."

"When I saw the Taxac testimonial in the papers, I decided to see if it would do for me what others said it had done for them. Well, you would hardly believe it. I had taken five tablets, have gained close to thirty-five pounds and feel like I want to get out and go to work again. I'm full of life and vigor and feel stronger and better in every way than I have in five years. I'm like a different man and feel like years have been added to my life and I give all the credit to Taxac. I give up both away now, I guarantee it and it did the work, too. I know what Taxac has done, not only for me but for a dozen others and I can safely recommend it to anyone who is sick. I may even be able to help like years have been added to my life and I give all the credit to Taxac. I give up both away now, I guarantee it and it did the work, too.
